TECH SKILLS

- **Programming Language:**
  Java, Javascript
- **Database:** SQL Server, MySQL, MongoDB
- **Frameworks:**
  Spring Boot, ReactJS
- **Tools:** Git, Docker, Postman, VS Code
- **Design:** Figma, Adobe Photoshop, Canva
- **Deployment:** AWS (basic), Vercel (basic)

SOFT SKILLS

- Teamwork
- Time Management
- Effective Communication
- Willingness to Learn

LANGUAGES

- English

CAREER OBJECTIVE

Final-year Software Engineering student seeking an internship to gain hands-on experience and improve my practical skills in software development, especially with Java and web technologies. Eager to learn in a professional environment and contribute to real projects.
My long-term goal is to become a proficient Java Developer and grow into a valuable member of a dynamic tech team.

EDUCATION

Vietnam - Korea University of Information and Communication Technology (VKU)   2021 - 2026

Major: Software Engineering

GPA: 2.91 / 4.0

PROJECTS

Hotel Management System   MARCH 2025 - JUNE 2025

Description:
- Built a hotel management web app with role-based authentication using Spring Security
- Created RESTful APIs for booking, customer, and service management
- Integrated AWS S3 for storing room and customer images
- Managed relational data with MySQL

Technologies Used: *Spring Boot, Spring Security, MySQL, AWS S3*

Github: *https://github.com/Haotran203/HotelManagement.git*

Iphone Store Shopping App   FEBRUARY 2023 - MAY 2023

Description:
- Built a mobile e-commerce app with product browsing, cart, and order features
- Implemented Firebase Authentication for secure login
- Used Firebase Realtime Database managing products and orders
- Handled image uploads via Firebase Cloud Storage

Technologies Used: *Firebase Authentication, Firebase Realtime Database, Firebase Cloud Storage*

Github: *https://github.com/Haotran203/Online-Shopping.git*

ACHIEVEMENTS

Reached Round 2 of the "Best Web Design" Competition - VKU (2021)

Designed a modern and creative Music website interface
